

COMPANY PROFILE | 2020

Swift Chemicals is one of Southern Africa's leading chemical distributors, supplying over 20 000 metric tons of high-quality petrochemical and related products each year. Our products include aromatics, aliphatics, alcohols, ketones, acetates, blended solvents and intermediates.

Swift Chemicals represents the culmination of 20 years of combined experience in the chemical industry by brothers Vijan and Diven Naidoo. The company holds a wealth of intellectual property and industry know-how, and has created its own unique blends, tailored to customer requirements. We regularly work with our customers to further improve existing blends, or to adapt the blends based on their changing needs.

Swift has developed over 50 custom blends/formulations, and is able to offer premium products at the most competitive prices in the industry. Most of these products have become household names within their respective industries.

We offer the highest-quality products with outstanding service. Swift Chemicals has developed an efficient system of effecting delivery within 5.5 hours of an order being placed. We live up to our name.

Distributing chemicals of the highest quality from the largest chemical producers across the globe, we have earned the reputation of being the most reputable chemical distributor in the SADC region. We supply the largest organisations in each manufacturing sector in the country.

THE INDUSTRIES WE SERVE INCLUDE:

- Adhesives
- Agriculture
- Automotive
- Coatings
- Construction
- Flexoprinting
- Inks
- Litho
- Paint
- Personal care
- Pharmaceuticals
- Printing
- Resin
- Rubber
- Soap & detergents

Our facilities are capable of holding in excess of 600 000 litres of hazardous material at any one time. Our teams are capable of operating 24-hour shifts to keep up with customer demand. We have our own fleet of trucks certified to carry hazardous materials to our local clients. Our reliable network of transporters work tirelessly to manage distribution outside of the KwaZulu-Natal province, and into Africa.

Delivery of high-quality service and products is of paramount importance to us, and we continuously assess for areas of improvement. We are an ISO 9001:2015 compliant company.

PRODUCT LIST:

- 2K thinners
- Acetone
- Aerosol lacquer
- Basecoat thinners
- Benzine / Fluiden 512
- Boiled Linseed Oil
- BP Linseed Oil
- Butyl Oxitol
- Castor Oil (1st pressing)
- Dehydrated castor oil fatty acid (H) grade
- Di-N Butyl Phthalate (DBP)
- Dowanol PM / Methoxy Propanol
- Enamel thinners
- Ethanol 95/E5
- Ethoxy Propanol
- Ethyl Acetate
- Fluiden 1528
- Fluiden 1828
- Hexane
- Hydrogenated Castor Oil
- Industrial Meths
- Iso Propylol (IPA 85%)
- J100 Premium Thinners
- Kerosol 150/200
- Lakthin M219
- Lakthin M221
- Methanol
- Methyl Ethyl Ketone (M.E.K.)
- Methyl Iso Butyl Ketone (M.I.B.K.)
- Methylene Chloride
- Mono Ethylene Glycol (M.E.G.)
- Multipurpose Cleaner
- Normal Butanol (N.Butanol)
- Normal Butyl Acetate (N.Butyl Acetate)
- Normal Propanol (N.Propanol)
- Normal Propyl Acetate (N.P.Acetate)
- Paraffin
- Perchloroethylene
- Raw Linseed Oil
- Retarder Thinners
- Blanket and RollerWash
- Sabutol
- Shellsol A100/Fluidar 100/Swiftsol 100
- Shellsol AB 150/Fluidar 150/Swiftsol 150
- Shellsol D70 – Shellsol K (Odourless Kerosene)
- SW 200 Lacquer Thinners
- SW100 Lacquer Thinners
- Swiftsol 70/914
- Toluene
- Tung Oil
- White Spirits / Fluiden 1520
- Xylene

Special blends and packaging on request.
